## SIPE SENTENCED TO THREE TERMS

Three Separate Fines Totaling \$7,000 Also Imposed on Former Marion County Clerk Today

TWO ARE FOR 2 TO 14 YEARS

Will Serve Prison Sentences Concurrently, Making Minimum in Penitentiary Two Years

(By United Press)

Indianapolis, Ind., Apr. 24.—Richard V. Sipe, confessed embezzler of public funds while he served as Marion county clerk, was sentenced on three charges and fined a total of \$7,000 by Judge James A. Collins in criminal court here today.

Three separate sentences and three separate fines were imposed, but Sipe will serve them concurrently.

He was sentenced on the following counts of a grand jury indictment when he pleaded guilty:

Two to fourteen years and \$1,000 on a charge of conspiring with Mary Gunter Bell, his former cashier to embezzle.

Two to fourteen years and \$5,000 on a conspiracy charge which named Will H. Latta and Edwin A. Hunt.

One to five years and \$1,000 on a charge of embezzlement.

The sentences were near the limit fixed by the law.

Sipe pleaded guilty to the three charges Saturday, April 15, a little more than an hour after the grand jury had reported the charges. He was turned over to the custody of George Snider, county sheriff today and to be taken to prison this afternoon.

Will H. Latta, Indianapolis attorney, and Edwin A. Hunt, president of the Pivot City Realty Company and the International Printing Company, and Mrs. Mary Gunter Bell, cashier in the clerk's office during Sipe's term of office, also were indicted with Sipe on the conspiracy charges. Each gave bond and their cases will be heard in the criminal court later. Sipe, Latta and Hunt were charged in one indictment with conspiracy to embezzle \$10,000 while the charge against Sipe and Mrs. Bell was that the two had conspired to embezzle \$150,000 of the county funds. Mrs. Bell was discharged as an employee in the clerk's office soon after Sipe resigned.

## FINDS DEFENDANT SHOULD REFUND \$723

Judge Sparks Rules in Case of Hazel Bitner Against Her Sister, Flossie Jackson

VACATION IN CIRCUIT COURT

Circuit court is in vacation term this week, as the February term ended Saturday, and the records are being put in shape this week in preparation for the new term to open Monday.

Saturday Judge Sparks ruled on a case in which he has had under advisement since March 25, which was the petition of Hazel Bitner against her sister, Flossie Jackson, to remove the defendant as guardian of the estate of her mother, Mrs. Ida Jackson, and for an accounting of funds since the guardianship was established.

The court found 21 items in the various reports that should be refunded to the estate, with a total amount of \$723.71 and that the cost in the action should be paid by the defendant individually. The matter of removing the guardian has not been acted upon.

Judge John Craig of Greensburg was appointed special judge to try the case of Benlah Addison against Anna Collins, a complaint to quiet title. Eva M. Ragsdale was granted a divorce from Everett E. Ragsdale who defaulted.

A suit from Decatur county has been venue here in which Leonard W. Gillespie is plaintiff and the Union Trust Company of Greensburg, defendant, the demand being for \$1378, a complaint for services rendered.

## Youngest Radio Fan Gets Description of Convict

Ward Hubbard, son of Mr. and Mrs. Walter Hubbard is probably the youngest radio enthusiast in Rushville. He has erected a set which he built himself, and on Saturday night heard a report sent out from Indianapolis of the escape of a prisoner from Greenfield. The young radio fan jotted down the exact description of the man, and made haste with it to Chief of Police O'Neill, who, with other members of the force were looking for the escaped prisoner here Saturday night.

## ABOUT HALF OF THE SPRING TAXES PAID

Collections Will Have to Average \$45,000 a Day if Installment Is All Paid

THIS IS THE LAST WEEK

Charles A. Frazee, county treasurer, expected to reach the halfway mark in spring tax collections today, which would leave approximately \$275,000 to be paid by the taxpayers of Rush county in six days. Collections will have to average about \$45,000 a day if all of the spring installment is paid.

The county treasurer has two deputies, Homer Cole and John Geraghty, assisting him this week so that he will be able to meet the emergencies of the last-minute rush. Will Carter is also in the treasurer's office this week acting as cashier.

Collections up to Saturday night amounted to \$265,938.25, the sum collected Saturday amounting to \$13,620.72. Taxes due on the spring installment were estimated at \$550,000, leaving \$285,000 due when the office opened this morning.

The office will be open Friday, Saturday and Monday evenings for the accommodation of taxpayers who can not reach the office during the day.

## EXPECTS BONUS TO PASS WITHOUT DELAY

American Legion Serves Notice On Senate Through Its National Commander McNider

REPLIES TO OPPOSITION

(By United Press)

Washington, April 24.—The American Legion, through its national commander, Hanford MacNider, today served notice on the Senate that it expected the soldier bonus bill to be passed without further delay. MacNider appearing before the republican members of the senate finance committee asserted the opposition to the bill is now coming from a small minority, consisting what may be termed the "big business and financial interests."

"They have used every force of argument to prevent congress from passing the bill," the commander said. "The Chamber of Commerce of the United States, a leader of the opposing forces, conducted a referendum upon the question. That referendum was not taken fairly. I will insert an analysis which will show as a matter of fact that the business interests of the country are in favor of backing this bill instead of being against it, as the chamber of commerce referendum purports to show."

MacNider then read the names of about one hundred and twenty-five local chamber of commerces which had endorsed the bonus. He also read numerous petitions from disabled soldiers favoring the bonus to counteract the impression that many of them already are against it.

CONDITION IS SERIOUS

Mrs. John R. Thompson, of this city, who underwent an operation for the removal of a growth in her nose, at the St. Vincent's hospital in Indianapolis, has been suffering with hemorrhages and her condition was regarded as serious Sunday, with little improvement being shown this morning.

## CANDIDATES AT IT IN EARNEST TODAY

Will Put in Best Licks This Week. The Last Before the Primary Election Set For May 2

ONE MEETING IN CAMPAIGN

Albert J. Beveridge, Opponent of Sen. Harry S. New Scheduled To Speak Here Thursday

With the primary election just one week away, candidates went at it in earnest this morning to line up all of the votes they can. The campaign has been comparatively quiet this year. There are no races that are attracting wide attention for places on either of the county tickets. Some of the contests in the townships overshadow these.

The only meeting of the campaign will be held in Rushville Thursday afternoon when Albert J. Beveridge, who is seeking Senator Harry S. New's seat, comes to this city for a speech. If the weather is good, he will speak from a platform in the court house yard. But in case of unfavorable weather conditions, arrangements will be made for his address to be made in the city park coliseum.

The ballots were delivered to the county election commissioners today and mailing to absent voters was begun at once.

The chairmen of the two political parties have until Wednesday to name the election officials, the republicans being entitled under the law to name the inspectors, one clerk, one judge and one sheriff, and the democrats one clerk, one judge and one sheriff.

The township trustees, who by virtue of their officers are precinct inspectors in the general elections, are not election inspectors under the primary law, but such inspectors are to be chosen in the regular way.

A relative, no matter how distant, of any of the 300 odd candidates to be voted on one week from Tuesday, may just as well banish all hopes of receiving pay for serving on any precinct election board. Neither an inspector nor a judge can be a father, father-in-law, grand father, grandson, brother, brother-in-law, uncle, nephew, first or second cousin, the rulings of the state officials, as received by County Auditor, specify.

With such a host of candidates in the race for the nominations it has been suggested that party officers will have "hard sledding" finding sufficient men to fill these places on the board as more people are said to be related than is usually found in a county of this size.

No person holding an elective or appointive office in the township, city, county or state governments is eligible to serve as a member of the election board in the primary. Neither may an inspector or a judge have anything waged on the outcome of the election.

In regard to the pay, which election board officials shall receive, a communication from Jesse Eschbach, chief examiner of the State Board of Accounts, states:

"Each inspector, clerk and sheriff is entitled to \$3 for each day's service while attending to such election and performing the duties of his office."

"The per diem fixed is for a calendar day, from midnight to midnight. Each of said officials should receive \$3 for their services from 6 a. m. to 12 o'clock on May 2. Each should receive an additional \$3 for services performed after midnight of election day."

"The inspector should be paid one day's wages for going to the clerk's office to receive ballots and election supplies, provided he performs such services prior to May 2. He will be entitled to \$3, as stated, for services after midnight of said election day, which services will include making return of votes cast."

BABY BOY IS BORN

## GUN BATTLE AT INGLEWOOD

Night Riders in Los Angeles County Cause Death of Constable

Los Angeles, Calif., April 24.—Possibility that nearly 200 residents of Los Angeles county may be charged with attempted murder loomed today as the district attorney's office pushed investigation of a night-riding raid and fatal gun battle at Inglewood, as the result of which Constable M. B. Mosher is dead and Leonard Ruegg is probably fatally injured.

"I expect to have the full names of every masked man who participated in this affair," Deputy District Attorney Doran said. After apprehension, every man can be charged with assault with intentions to commit murder, it was asserted. Conviction carries a sentence of from one to fifteen years.

## EXPENSES OF COURT TERM MOUNT TO \$1282

Ninety-Seven Jurors Are Used In Trials During February Term Which Closed Saturday

PETIT JURIES COST \$879.80

The jury services in the Rush circuit court mounted high during the term which closed Saturday, according to the allowances made today for the expense, and which totals \$1,282.40. In all there were 97 jurors used at the various trials and for grand jury service.

The expense of the petit jurors, or the jurors which serve in open court, amounted to \$879.80. Of this amount the highest paid juror collected \$38.60 and several others were above the \$30 mark.

The remaining amount of the \$1,282.40 was divided among the officials, with the riding bailiff, Ed Spradling, for the grand jury, receiving \$165, and Frank Havens, bailiff, receiving \$12.10. Sheriff Hunt also will draw \$132 for his services in serving subpoenas for witnesses used in the cases.

The money for each court term is available only when the term ends, and those who served on the juries can collect any time now, because the February term ended on Saturday.

## NAMES OF HEROES OF '76 ARE SOUGHT

Rushville Chapter of D. A. R. Wants Accurate Record For Bronze Tablet to be Put in Court House

IN TIME FOR THE CENTENNIAL

Information Regarding Revolution Soldiers Wanted by Mrs. Sarah Guffin by Saturday Night

The Rushville chapter of the Daughters of the American Revolution are preparing to have a bronze tablet inscribed with the names of the Revolutionary heroes of Rush county, and placed in a conspicuous place in the court house, and a list is being prepared of the names, but more information is needed in order to make the record complete.

Mrs. Sarah Guffin is chairman, and anyone who can supply information, such as the location of the graves of the Revolutionary soldiers not known by the present organization, or with the names of other soldiers either enlisted from this county or buried in the county, should notify her.

It is the object of the D. A. R. chapter to have the bronze tablet ready to be in place by the time of the Rush County Centennial, which will be held in June, and in order to place the order, it will be necessary to complete the list by Saturday night of this week, and anyone who desires to furnish any is urged to do so at once.

A list of the soldiers is published. A list of the soldiers is published which there is no record as to the location of the graves, and this information is desired.

The following list is complete with the grave location: John Aldridge, Isaac Cox, Jacob Hite, John Lewis, William Mauzy, Henry Smith, Michael Smith, William Smith, John Wyatt, George Brown, Robert Caldwell, Zephaniah Posey, James Bromlee, Patrick Logan, David Peters, David Fleener, Thomas Cassidy, Jacob Hackleman and John Miller.

In the following list, the location of the graves is not known, and the record from the government shows that in 1835 they were drawing pensions, which would indicate that they fought in the war, and the location of the graves are desired:

Aaron Carson, Samuel Caswell, Ebenezer Clark, Benjamin Cruzan, Henry David, Isaac Duncan, Leonard Edleman, Matthew Gregg, Daniel Grant, John Hardy, Thomas James, James Lane, John Legore, Henry Mezer, John Pollock, Aaron Redman, John Riley, John Yarbrough, John Finney and John Watson.

The following list drew pensions in 1840, according to the records: Joe Berry, lived in Noble township; John Carson, living in Noble; James Fardice of Orange; John Robinson of Rushville; James Hunt of Jackson; George Ishaw of Center.

A Revolutionary soldier by the name of John Legon is supposed to be buried in Rush county, but the location of this grave is unknown, and the records also show where Mary Collins of Posey township drew a pension, but no record can be found of her husband, and the organization would like to have any information on this line that could be supplied by the descendants.

## BAD BACK TODAY?

Backache is usually kidney-ache and makes you dull, nervous and tired. Use Doan's Kidney Pills for weak kidneys—the remedy recommended by your friends and neighbors. Ask your neighbor!

Mrs. Joseph Doll, 521 W. 3rd St., Rushville says: "I have used Doan's Kidney Pills off and on for two or more years when I was troubled with kidney complaint. I have found them to be a very reliable remedy. At times my back was very weak and lame and I would have to remain in bed. My back would ache intensely through the small part. My kidneys were very irregular in action, too. Every time I have been this way I have used Doan's Kidney Pills and never have they failed to relieve me."

Mrs. Doll gave the above statement August 26, 1915 and on November 1, 1920, she added: "I still have the same high opinion of Doan's Kidney Pills that I had several years ago. I use them occasionally as a kidney tonic and get satisfactory results."

Reaping As We Sow

As a people we Americans are too indifferent to matters of national concern.

We are indifferent because we do not enter actively into the discussing and shaping of such affairs. We have no time to devote to the national welfare because we are engaged almost exclusively in the accumulation of money for our necessities and pleasures.

This trait is not found only in the republican party, or in the democratic party, or among any certain class of people. We are all tarred with the same brush, and the tar is thick and black, and sticks.

If things don't go to suit us in Washington we roar chestily for a day or two, and then forget all about it. We don't follow up the roars with definite action.

Because of this weakness we suffer from appalling waste and extravagance in our national life. We see officials vacillating in their weakness and indecision when they should be firm and aggressive in their action.

We reap as we sow, and the yield is no more than we sow.

The Logical Medium

Live merchants advertise because they want the people to know of the goods they have to sell, especially when more than ordinary values are offered.

People read the ads because they

want to know where they can buy to best advantage, and this can only be determined by knowing what the merchants have to offer.

The local people is the medium between seller and buyer.

The one should use it, and the other should read it.

Short Memories

Funny, isn't it Yet it doesn't seem to raise a laugh.

Political factions will accuse each other of every conceivable crime during an election, and then forget all about it after the votes are counted. They will even take a long swig from the same bottle.

If they were convicted of one-tenth of the crimes charged against them there wouldn't be jails enough in the country to hold them.

But it seems to be the way of human nature.

And most of us are human.

## TEACHERS OUT FOR WILLIAMS

Adopt Resolutions Favoring Nomination Richmond Man for Congress

The school teachers of Wayne county have perfected an organization in every precinct within the county to assist County Superintendent Williams, in his race for congressman in this district. Supt. Medsker and Supt. Cory, two ex-service men and officers of the association, have taken charge of the various organizations. The following

CHARLES O. WILLIAMS.

ing from the Richmond Item explains the movement:

"Over 250 Wayne county teachers have unanimously indorsed Wayne county's candidate, Prof. C. O. Williams, for congress.

"Fred O. Medsker, president of the Wayne County Teacher's Association in 1921, said last night:

"The teachers will give Professor Williams their loyal support. He has as county superintendent always been loyal to the teachers, and the teachers will be to him. He has stood for good schools."

"The resolution drawn up by George C. Ranck, Frank O. Medsker and the president, Frank Cory, was unanimously indorsed by the county teachers as follows:

"Inasmuch as our present county superintendent of schools, Charles O. Williams, is a candidate for congress from the Sixth Congressional district, and in view of his untiring devotion to the welfare of our county, and his excellent work at the head of the county school system, and as we believe that he will serve this district equally well as congressman as he has as superintendent of the Wayne county school, be it

"Resolved, That we, the teachers of the Wayne county schools, go on record as indorsing the candidacy of Charles O. Williams for representative in the National Congress from our district and that we use our influence to secure his nomination." —Advertisement. 3611

## TAIL LIGHTS DROP FIRST LEAGUE GAME

Lose to Greensburg Sunday, 8 to 3 Due to Wild Pitching in First Two Frames

JEROME PULLED OFF MOUND

Huddleson Goes Remainder of Route Holding Opponents to 2 Hits —Infield Looks Good

The Tail Lights dropped the first game of the Southern Indiana League to the Eagles at Greensburg Sunday, by the score of 8 to 3, due to wild pitching in the first two innings when Greensburg netted six runs and four hits, and after these two frames Greensburg was held to two hits by Huddleson, who relieved Jerome after the damage had been done.

Plummer jumped his contract, and without any notice left for Grand Rapids, Mich., where he will play again this season in the Michigan league, and the Tail Lights started Jerome in the box. He had been signed for a tryout, but when he went to pieces, Huddleson was pushed in, and displayed unusual ability. Huddleson will be kept and another first rate pitcher will be secured at once so that the locals will have two at all times.

Rushville went to bat first and got two runs in the start, but Greensburg came back and evened up with two runs, only to put four across in the second, when Jerome lost his control, walking three, allowing a couple of hits, and giving two batters first base on wild pitches.

Huddleson, who played first base here in the first game, displayed wonderful pitching against the Greensburg team in the last seven innings, when he allowed only two hits, which combined with a couple of errors, brought in two more counters for the Eagles.

The infield for the Tail Lights was the best yet, and will be retained, as well as the outfield, and when the management secured a pitcher of the highest type, it is believed that the team will be ready to meet any of them.

Greensburg plays here next Sunday, and at that time the Tail Lights will put forth a hard fight to regain the contest which was lost Sunday. A large crowd of fans accompanied the team yesterday, and the general crowd was large for so early in the season.

## SCHOOLS TRAINING FOR FIELD MEETS

Greatest Indoor Track and Field Meet Will be Held at Night Sometime During Next Month

COLLEGE STARS TO ENTER

Entries in All Branches of Meet Are Expected For First Indoor Event at Indianapolis

By HEZE CLARK  
(Written for United Press)

Indianapolis, April 24.—Athletes from all parts of Indiana will gather at the Coliseum in Indianapolis in May for the greatest indoor track and field meet ever held in the state. The exact date has not been set. The meet, however, will be at night.

An indoor track and field meet in outdoor season is an innovation. It has the advantage of no chances being taken on the weather as a dry fast track is assured. The meet is being arranged by the Indiana Amateur Athletic Union. Invitations and entry blanks will be sent to all the colleges in the state and the college track teams are certain to bring many star athletes to Indianapolis.

Athletic clubs, the Hoosier A. C. Indianapolis A. C. and other well known organizations are sure to enter many fast athletes. Many unattached athletes will enter.

The usual amateur athletic events will be held and in addition there will be several feature events as bicycle racing. Last year Terre Haute sent some fast bicycle riders to the meet, and other cities throughout

The newest thing in bathing suits is a one-piece suit with a detachable skirt. Since some of the popular beaches are ragging rampant against the one-piece suit, this is a new way of overcoming that obstacle. One can hop out of the skirt before taking one's dip in the ocean.

Paris is favoring laces this season. Ratine lace is the latest novelty and has a coarse meshed fillet background. Laces of this type are at their best when dyed and their design outlined in pastel shades of yarn.

Little black velvet wristlets with cameo clasps will be worn with the lacy frocks this summer.

Colored checked gingham handkerchiefs are to be worn with the sport costumes it is predicted.

1922 will be a great year for the polka dots. They are shown in every conceivable color on white materials and no dot can be too large it seems. The dotted swisses in red and white with red piping make very striking frocks for the warm summer days.

Debutants are vying with each other to see who can collect the most diamond bracelet. It seems to be the proper thing for one's fiancé to present one with a flexible diamond wristlet and as so many of the resort engagements are being broken, it is a woe-begone “debby” who can't return home with enough bracelets to make a real life-sized jingle. Some wit has dubbed them service stripes.

## "The Fox" at the Mystic.

When you look at "The Fox," the Harry Carey picture showing at the Mystic Theatre, today and Tuesday you are not merely seeing a screen production—you are beholding scenes from real life. Among the most interesting of those scenes are those in which cavalry is seen in action on the desert.

These troops of cavalry are not moving-picture troops composed of a mob of extra men; but a part of the Eleventh regular United States cavalry from the presidio at Monterey.

The almost unprecedented order, sending troops into the field to participate in the making of a moving picture was obtained by Irving G.

Thalberg, director-general at Universal City, through Major-General Muir, commanding general of the Ninth Corps Area, who authorized Col. John M. Jenkins, commanding at the Monterey Presidio, to detach the troops for the purpose of going into the field to make pictures with Harry Carey.

## Burn's Greater Shows Coming.

The Burn's Greater Shows will show here for one week beginning on Monday, May 1.

This show is said to be one of the cleanest and best shows on the road and comes highly recommended from Lawrenceburg which is Burn's home town.

The show will arrive Sunday, Apr.

30, in their own special train of ten cars. Among the many attractions carried by this show is "Nevada" a high class headline diving act which will be given free twice daily, afternoon and night, on the show grounds. Nevada has toured all the larger circuits such as Keith's and Shuberts.

There will be a free band concert daily both uptown and on the show grounds by Prof. Anderson's Concert Band. This band carries several high class soloists who have been with Vassella's, Weber's and Sousa's organizations and also will present at each concert Miss Margaret Walden, "The Little Girl With the Big Voice," who will sing with the band. A sacred band concert will be given Sunday night, April 30, in Rushville.

The Burn's Shows also carry a minstrel headed by Billy Arnte, the man with the Diamond Teeth and a company of 21 people. Mr. Arnte has appeared before King Edward of England and was awarded a medal for his high class entertainment.

### At the Princess Tuesday.

"The Single Track," which will be shown at the Princess Theatre on Tuesday, is the story of dramatic intensity and much of the action takes place around a railroad, as the title suggests.

The story deals with the laying of a spur track from the main line to the heroine's mining property.

In order to get real atmosphere Corinne Griffith and her company went on location at Duffield, N. J., to film shacks and buildings used by railroad workmen for homes. This was to get the proper atmosphere, and the men shown in the film actually participated in the building of a mile and a half of track at Fleischmann, N. Y., on the Delaware, Lackawanna and Western Railroad. The construction was done under the supervision of Vitagraph and was a continuation of a spur track owned by the railroad.

In the picture this track is blown by dynamite just after the heroine drives across a trestle in a locomotive.

Corinne Griffith has an exceptionally fine role in the production, which opens in New York society and continues in the West. The story was written by Isabel Ostrander under the nom de plume of Douglas Grant. It was directed by Webster Campbell.

Services for Glen O. Martin, Age Twelve, at Homer Church

Funeral services were held this afternoon at two o'clock at the Baptist church in Homer for Glen Oval Martin, 12 year old son of Mr. and Mrs. Elmer Martin of Homer, who died Saturday, following a five day's illness of membranous croup. The child was recently removed to his home from this city, where he underwent an operation for appendicitis, and the complication which caused his death developed.

The burial this afternoon was in the Hurst cemetery, following the services at the Homer church. The parents and a great number of relatives survive.

## TO GIVE VERDICT ON FAVORED SON

Congressional Campaign in Ohio to Determine The Degree of Approval of Harding Administration

### COX MAY TAKE STUMP IN STATE

Democrats Are Confident They Will Cut The Large Plurality Piled Up in November 1920

(By United Press)

Columbus, O., April 24.—Ohio will be called on, in the coming congressional campaign, to pass judgment on its favored son—President Harding.

Party leaders, picking Ohio for the political battleground, agree that the vote on congressman, senator and governor will determine the degree of popular approval in Ohio of the Harding administration.

Further interest in the situation is caused by the possibility that Former Governor James M. Cox, defeated by Harding for the Presidency, will take the stump in Ohio and Massachusetts.

Democrats, hoping for a turn against the Republican sway in Ohio, are confident they will succeed in cutting materially the large plurality piled up in November, 1920, and carry into office at least part of their congressional and state tickets.

They declare that Marion, President Harding's home town, repudiated his administration in the elections last November when a Democratic mayor replaced the Republican incumbent. They also point to the large gains made throughout the state in electing Democratic mayors.

The issues in Ohio will be clear-cut—the four-power pact, soldier bonus, tariff and the record of the government the last year. Purely state and local questions have not so far arisen to bedevil the national questions.

The personnel of the major parties' tickets is the main matter of conjecture now. Both Republican and Democratic possibilities appear apathetic about announcing their stands. They are awaiting definite

action from the other side. Dead lines for filing declarations of candidacies probably will be approached before there is a break in the stubborn fronts of the two sides.

Representative Longworth is talked-of Republican choice for governor and Congressman Fess has announced for the senate Representative Knight probably will enter the fight. Walter F. Brown, Toledo, also is talked of.

## UTAH OPERATORS EVICT EMPLOYEES

Hundreds of Non Union Miners in Colorado and Utah Are Becoming United Mine Workers Daily

### 60 UNIONS FORMED IN A DAY

Most of District Unions Are Paying Strike Benefits to Their Men, Financial Agent States

By FRED G. JOHNSTON  
(U. P. Staff Correspondent)

Indianapolis, Ind., April 24.—Mine owners in Colorado and Utah are evicting their employees from company-owned homes as soon as they join the miners union and walk-out in the nation-wide strike, reports to United Mine Worker headquarters here declared today.

"We're planning to resist this eviction to the last ditch," William E. Green, secretary-treasurer of the miners, asserted. "If the lower courts overrule us, we'll appeal."

Hundreds of non-union miners in those two states are becoming United Mine Workers daily, Green said. They live in homes owned by the companies which employ them and as soon as they join in the strike, they are ordered to leave.

Sixty local unions were formed recently in various open shop fields scattered over the country, according to Green. He said reports showing this extensive result of the unionization work are received at headquarters almost daily.

Most of the district unions—state organizations—are paying strike benefits to their men, Dave Fowler, financial agent at Williamson, W. Va., said he is paying the strikers in Mingo and other West Virginia counties at the rate of \$3 a week for men, \$1 for women and fifty cents each for the children.

"They're sticking," Fowler said. "They're courageous."

He is taking a leave of absence to conduct his personal campaign for the legislature in Pennsylvania where he lives.

The home was formally opened last week and more than 1,000 persons visited it last Sunday. It will be opened each day of the week during the above hours. A small admission fee is charged to cover expenses.

It is believed that a large number of persons throughout Indiana will visit the Riley Homestead during the next few months. Already many automobile parties from throughout the state are visiting it. The home has been reestablished just as it was during Mr. Riley's lifetime. It is expected to become one of the most historic shrines known to Hoosiers.

School children accompanied by their teachers will be admitted free and a number of schools throughout the state already are making plans to go to Indianapolis to visit the Riley homestead, where Mr. Riley wrote his verses known throughout the civilized world.

## You want more BATTERY and less SERVICE

Battery service is a bug-bear. What is useful to you is continuous, uninterrupted performance. You want to have a battery installed in your car and drive away, happy in the knowledge that it will be a ready reservoir of energy whenever you need it.

The Ray Battery gives guaranteed performance because of its famous Lavier Formula plates—the greatest advance in battery construction since the discovery of the wet cell. They are hard, to withstand the strain of service—highly porous to react quickly and surely to the electrolyte.

Install a Ray and forget the service man.

## SIPE SENTENCED TO THREE TERMS

Three Separate Fines Totalling \$7,000 Also Imposed on Former Marion County Clerk Today

TWO ARE FOR 2 TO 14 YEARS

Will Serve Prison Sentences Concurrently, Making Minimum in Penitentiary Two Years

(By United Press)

Indianapolis, Ind., Apr. 24.—Richard V. Sipe, confessed embezzler of public funds while he served as Marion county clerk, was sentenced on three charges and fined a total of \$7,000 by Judge James A. Collins in criminal court here today.

Three separate sentences and three separate fines were imposed, but Sipe will serve them concurrently.

He was sentenced on the following counts of a grand jury indictment when he pleaded guilty:

Two to fourteen years and \$1,000 on a charge of conspiring with Mary Gunter Bell, his former cashier to embezzle.

Two to fourteen years and \$5,000 on a conspiracy charge which named Will H. Latta and Edwin A. Hunt.

One to five years and \$1,000 on a charge of embezzlement.

The sentences were near the limit fixed by the law.

Sipe pleaded guilty to the three charges Saturday, April 15, a little more than an hour after the grand jury had reported the charges. He was turned over to the custody of George Snider, county sheriff today and to be taken to prison this afternoon.

Will H. Latta, Indianapolis attorney, and Edwin A. Hunt, president of the Pivot City Realty Company and the International Printing Company, and Mrs. Mary Gunter Bell, cashier in the clerk's office during Sipe's term of office, also were indicted with Sipe on the conspiracy charges. Each gave bond and their cases will be heard in the criminal court later.

Sipe, Latta and Hunt were charged in one indictment with conspiracy to embezzle \$10,000 while the charge against Sipe and Mrs. Bell was that the two had conspired to embezzle \$150,000 of the county funds. Mrs. Bell was discharged as an employee in the clerk's office soon after Sipe resigned.

## FINDS DEFENDANT SHOULD REFUND \$723

Judge Sparks Rules in Case of Hazel Bitner Against Her Sister, Flossie Jackson

VACATION IN CIRCUIT COURT

Circuit court is in vacation term this week, as the February term ended Saturday, and the records are being put in shape this week in preparation for the new term to open Monday.

Saturday Judge Sparks ruled on a case in which he has had under advisement since March 25, which was the petition of Hazel Bitner against her sister, Flossie Jackson, to remove the defendant as guardian of the estate of her mother, Mrs. Ida Jackson, and for an accounting of funds since the guardianship was established.

The court found 21 items in the various reports that should be refunded to the estate, with a total amount of \$723.71 and that the cost in the action should be paid by the defendant individually. The matter of removing the guardian has not been acted upon.

Judge John Craig of Greensburg was appointed special judge to try the case of Beniah Addison against Anna Collins, a complaint to quiet title. Eva M. Ragsdale was granted a divorce from Everett E. Ragsdale who defaulted.

A suit from Decatur county has been venued here in which Leonard W. Gillespie is plaintiff and the Union Trust Company of Greensburg, defendant, the demand being for \$1378, a complaint for services rendered.

## Youngest Radio Fan Gets Description of Convict

Ward Hubbard, son of Mr. and Mrs. Walter Hubbard is probably the youngest radio enthusiast in Rushville. He has erected a set which he built himself, and on Saturday night heard a report sent out from Indianapolis of the escape of a prisoner from Greenfield. The young radio fan jotted down the exact description of the man, and made haste with it to Chief of Police O'Neill, who, with other members of the force were looking for the escaped prisoner here Saturday night.

## ABOUT HALF OF THE SPRING TAXES PAID

Collections Will Have to Average \$45,000 a Day if Installment Is All Paid

THIS IS THE LAST WEEK

Charles A. Frazee, county treasurer, expected to reach the halfway mark in spring tax collections today, which would leave approximately \$275,000 to be paid by the taxpayers of Rush county in six days. Collections will have to average about \$45,000 a day if all of the spring installment is paid.

The county treasurer has two deputies, Homer Cole and John Geraghty, assisting him this week so that he will be able to meet the emergencies of the last-minute rush. Will Carter is also in the treasurer's office this week acting as cashier.

Collections up to Saturday night amounted to \$265,938.25, the sum collected Saturday amounting to \$13,020.72. Taxes due on the spring installment were estimated at \$550,000, leaving \$285,000 due when the office opened this morning.

The office will be open Friday, Saturday and Monday evenings for the accommodation of taxpayers who can not reach the office during the day.

## EXPECTS BONUS TO PASS WITHOUT DELAY

American Legion Serves Notice On Senate Through Its National Commander McNider

REPLIES TO OPPOSITION

(By United Press)

Washington, April 24.—The American Legion, through its national commander, Hamford MacNider, today served notice on the Senate that it expected the soldier bonus bill to be passed without further delay. MacNider appearing before the republican members of the senate finance committee asserted the opposition to the bill is now coming from a small minority, consisting what may be termed the "big business and financial interests."

"They have used every force of argument to prevent congress from passing the bill," the commander said. "The Chamber of Commerce of the United States, a leader of the opposing forces, conducted a referendum upon the question. That referendum was not taken fairly. I will insert an analysis which will show as a matter of fact that the business interests of the country are in favor of backing this bill instead of being against it, as the chamber of commerce referendum purports to show."

MacNider then read the names of about one hundred and twenty-five local chamber of commerce which had endorsed the bonus. He also read numerous petitions from disabled soldiers favoring the bonus to counteract the impression that many of them already are against it.

## CANDIDATES AT IT IN EARNEST TODAY

Will Put in Best Licks This Week. The Last Before the Primary Election Set For May 2

ONE MEETING IN CAMPAIGN

Albert J. Beveridge, Opponent of Sen. Harry S. New Scheduled To Speak Here Thursday

With the primary election just one week away, candidates went at it in earnest this morning to line up all of the votes they can. The campaign has been comparatively quiet this year. There are no races that are attracting wide attention for places on either of the county tickets. Some of the contests in the townships overshadow these.

The only meeting of the campaign will be held in Rushville Thursday afternoon when Albert J. Beveridge, who is seeking Senator Harry S. New's seat, comes to this city for a speech. If the weather is good, he will speak from a platform in the court house yard. But in case of unfavorable weather conditions, arrangements will be made for his address to be made in the city park coliseum.

The ballots were delivered to the county election commissioners today and mailing to absent voters was begun at once.

The chairmen of the two political parties have until Wednesday to name the election officials, the republicans being entitled under the law to name the inspectors, one clerk, one judge and one sheriff, and the democrats one clerk, one judge and one sheriff.

The township trustees, who by virtue of their officers are precinct inspectors in the general elections, are not election inspectors under the primary law, but such inspectors are to be chosen in the regular way.

A relative, no matter how distant, of any of the 300 odd candidates to be voted on one week from Tuesday, may just as well banish all hopes of receiving pay for serving on any precinct election board. Neither an inspector nor a judge can be a father, father-in-law, grand father, grandson, brother, brother-in-law, uncle, nephew, first or second cousin, the rulings of the state officials, as received by County Auditor, specify.

With such a host of candidates in the race for the nominations it has been suggested that party officers will have "hard sledding" finding sufficient men to fill these places on the board as more people are said to be related than is usually found in a county of this size.

No person holding an elective or appointive office in the township, city, county or state governments is eligible to serve as a member of the election board in the primary. Neither may an inspector or a judge have anything waged on the outcome of the election.

In regard to the pay, which election board officials shall receive, a communication from Jesse Eschbach, chief examiner of the State Board of Accounts, states:

"Each inspector, clerk and sheriff is entitled to \$3 for each day's service while attending to such election and performing the duties of his office."

"The per diem fixed is for a calendar day, from midnight to midnight. Each of said officials should receive \$3 for their services from 6 a. m. to 12 o'clock on May 2. Each should receive an additional \$3 for services performed after midnight of election day."

"The inspector should be paid one day's wages for going to the clerk's office to receive ballots and election supplies, provided he performs such services prior to May 2. He will be entitled to \$3, as stated, for services after midnight of said election day, which services will include making return of votes cast."

## GUN BATTLE AT INGLEWOOD

Night Riders in Los Angeles County Cause Death of Constable

Los Angeles, Calif., April 24.—Possibility that nearly 200 residents of Los Angeles county may be charged with attempted murder loomed today as the district attorney's office pushed investigation of a night-riding raid and fatal gun battle at Inglewood, as the result of which Constable M. B. Mosher is dead and Leonard Ruegg is probably fatally injured.

"I expect to have the full names of every masked man who participated in this affair," Deputy District Attorney Doran said. After apprehension, every man can be charged with assault with intentions to commit murder, it was asserted. Conviction carries a sentence of from one to fifteen years.

## EXPENSES OF COURT TERM MOUNT TO \$1282

Ninety-Seven Jurors Are Used In Trials During February Term Which Closed Saturday

PETIT JURIES COST \$879.80

The jury services in the Rush circuit court mounted high during the term which closed Saturday, according to the allowances made today for the expense, and which totals \$1,282.40. In all there were 97 jurors used at the various trials and for grand jury service.

The expense of the petit jurors, or the jurors which serve in open court, amounted to \$879.80. Of this amount the highest paid juror collected \$38.60 and several others were above the \$30 mark.

The remaining amount of the \$1,282.40 was divided among the officials, with the riding bailiff, Ed Spradling, for the grand jury, receiving \$165, and Frank Havens, bailiff, receiving \$12.10. Sheriff Hunt also will draw \$132 for his services in serving subpoenas for witnesses used in the cases.

The money for each court term is available only when the term ends, and those who served on the juries can collect any time now, because the February term ended on Saturday.

## NAMES OF HEROES OF '76 ARE SOUGHT

Rushville Chapter of D. A. R. Wants Accurate Record For Bronze Tablet to be Put in Court House

IN TIME FOR THE CENTENNIAL

Information Regarding Revolution Soldiers Wanted by Mrs. Sarah Guffin by Saturday Night

The Rushville chapter of the Daughters of the American Revolution are preparing to have a bronze tablet inscribed with the names of the Revolutionary heroes of Rush county, and placed in a conspicuous place in the court house, and a list is being prepared of the names, but more information is needed in order to make the record complete.

Mrs. Sarah Guffin is chairman, and anyone who can supply information, such as the location of the graves of the Revolutionary soldiers not known by the present organization, or with the names of other soldiers either enlisted from this county or buried in the county, should notify her.

It is the object of the D. A. R. chapter to have the bronze tablet ready to be in place by the time of the Rush County Centennial, which will be held in June, and in order to place the order, it will be necessary to complete the list by Saturday night of this week, and anyone who desires to furnish any is urged to do so at once.

A list of the soldiers is published. A list of the soldiers is published which there is no record as to the location of the graves, and this information is desired.

The following list is complete with the grave location: John Aldridge, Isaac Cox, Jacob Hite, John Lewis, William Mauzy, Henry Smith, Michael Smith, William Smith, John Wyatt, George Brown, Robert Caldwell, Zephaniah Posey, James Bromlee, Patrick Logan, David Peters, David Fleener, Thomas Cassidy, Jacob Hackleman and John Miller.

In the following list, the location of the graves is not known, and the record from the government shows that in 1835 they were drawing pensions, which would indicate that they fought in the war, and the location of the graves are desired:

Aaron Carson, Samuel Caswell, Ebenezer Clark, Benjamin Cruzan, Henry David, Isaac Duncan, Leonard Edleman, Matthew Gregg, Daniel Grant, John Hardy, Thomas James, James Lane, John Legore, Henry Mezer, John Pollock, Aaron Redman, John Riley, John Yarbrough, John Finney and John Watson.

The following list drew pensions in 1840, according to the records: Joe Berry, lived in Noble township; John Carson, living in Noble; James Fardice of Orange; John Robinson of Rushville; James Hunt of Jackson; George Ishaw of Center.

A Revolutionary soldier by the name of John Legon is supposed to be buried in Rush county, but the location of this grave is unknown, and the records also show where Mary Collins of Posey township drew a pension, but no record can be found of her husband, and the organization would like to have information on this line that could be supplied by the descendants.

## BAD BACK TODAY?

Backache is usually kidney-ache and makes you dull, nervous and tired. Use Doan's Kidney Pills for weak kidneys—the remedy recommended by your friends and neighbors. Ask your neighbor!

Mrs. Joseph Doll, 521 W. 3rd St., Rushville says: "I have used Doan's Kidney Pills off and on for two or more years when I was troubled with kidney complaint. I have found them to be a very reliable remedy. At times my back was very weak and lame and I would have to remain in bed. My back would ache intensely through the small part. My kidneys were very irregular in action, too. Every time I have been this way I have used Doan's Kidney Pills and never have they failed to relieve me."

Mrs. Doll gave the above statement August 26, 1915 and on November 1, 1920, she added: "I still have the same high opinion of Doan's Kidney Pills that I had several years ago. I use them occasionally as a kidney tonic and get satisfactory results."

### Reaping As We Sow

As a people we Americans are too indifferent to matters of national concern.

We are indifferent because we do not enter actively into the discussing and shaping of such affairs. We have no time to devote to the national welfare because we are engaged almost exclusively in the accumulation of money for our necessities and pleasures.

This trait is not found only in the republican party, or in the democratic party, or among any certain class of people. We are all tarred with the same brush, and the tar is thick and black, and sticky.

If things don't go to suit us in Washington we roar chestily for a day or two, and then forget all about it. We don't follow up the roars with definite action.

Because of this weakness we suffer from appalling waste and extravagance in our national life. We see officials vacillating in their weakness and indecision when they should be firm and aggressive in their action.

We reap as we sow, and the yield is no more than we sow.

### The Logical Medium

Live merchants advertise because they want the people to know of the goods they have to sell, especially when more than ordinary values are offered.

People read the ads because they

want to know where they can buy to best advantage, and this can only be determined by knowing what the merchants have to offer.

The ideal people is the medium between seller and buyer.

The one should use it, and the other should read it.

### Short Memories

Funny, isn't it? Yet it doesn't seem to raise a laugh.

Political factions will accuse each other of every conceivable crime during an election, and then forget all about it after the votes are counted. They will even take a long swig from the same bottle.

If they were convicted of one-tenth of the crimes charged against them there wouldn't be jails enough in the country to hold them.

But it seems to be the way of human nature.

And most of us are human.

## TEACHERS OUT FOR WILLIAMS

Adopt Resolutions Favoring Nomination Richmond Man for Congress

The school teachers of Wayne county have perfected an organization in every precinct within the county to assist County Superintendent Williams, in his race for congressman in this district. Supt. Medsker and Supt. Cory, two ex-service men and officers of the association, have taken charge of the various organizations. The following from the Richmond Item explains the movement:

CHARLES O. WILLIAMS.

"Over 250 Wayne county teachers have unanimously endorsed Wayne county's candidate, Prof. C. O. Williams, for congress."

"Fred O. Medsker, president of the Wayne County Teacher's Association in 1921, said last night:

"The teachers will give Professor Williams their loyal support. He has as county superintendent always been loyal to the teachers, and the teachers will be to him. He has stood for good schools."

"The resolution drawn up by George C. Ranek, Frank O. Medsker and the president, Frank Cory, was unanimously endorsed by the county teachers as follows:

"Inasmuch as our present county superintendent of schools, Charles O. Williams, is a candidate for congress from the Sixth Congressional district, and in view of his untiring devotion to the welfare of our county, and his excellent work at the head of the county school system, and as we believe that he will serve this district equally well as congressman as he has as superintendent of the Wayne county school, be it

"Resolved, That we, the teachers of the Wayne county schools, go on record as endorsing the candidacy of Charles O. Williams for representative in the National Congress from our district and that we use our influence to secure his nomination."—Advertisement. 301f

## TAIL LIGHTS DROP FIRST LEAGUE GAME

Lose to Greensburg Sunday, 8 to 3 Due to Wild Pitching in First Two Frames

JEROME PULLED OFF MOUND

Huddleson Goes Remainder of Route Holding Opponents to 2 Hits —Infield Looks Good

The Tail Lights dropped the first game of the Southern Indiana League to the Eagles at Greensburg Sunday, by the score of 8 to 3, due to wild pitching in the first two innings when Greensburg netted six runs and four hits, and after these two frames Greensburg was held to two hits by Huddleson, who relieved Jerome after the damage had been done.

Plummer jumped his contract, and without any notice left for Grand Rapids, Mich., where he will play again this season in the Michigan league, and the Tail Lights started Jerome in the box. He had been signed for a tryout, but when he went to pieces, Huddleson was pushed in, and displayed unusual ability. Huddleson will be kept, and another first rate pitcher will be secured at once so that the locals will have two at all times.

Rushville went to bat first and got two runs in the start, but Greensburg came back and evened up with two runs, only to put four across in the second, when Jerome lost his control, walking three, allowing a couple of hits, and giving two batters first base on wild pitches.

Huddleson, who played first base here in the first game, displayed wonderful pitching against the Greensburg team in the last seven innings, when he allowed only two hits, which combined with a couple of errors, brought in two more counters for the Eagles.

The infield for the Tail Lights was the best yet, and will be retained, as well as the outfield, and when the management secured a pitcher of the highest type, it is believed that the team will be ready to meet any of them.

Greensburg plays here next Sunday, and at that time the Tail Lights will put forth a hard fight to regain the contest which was lost Sunday. A large crowd of fans accompanied the team yesterday, and the general crowd was large for so early in the season.

## SCHOOLS TRAINING FOR FIELD MEETS

Greatest Indoor Track and Field Meet Will be Held at Night Sometime During Next Month

COLLEGE STARS TO ENTER

Entries in All Branches of Meet Are Expected For First Indoor Event at Indianapolis

By HEZE CLARK.

(Written for United Press)

Indianapolis, April 24.—Athletes from all parts of Indiana will gather at the Coliseum in Indianapolis in May for the greatest indoor track and field meet ever held in the state. The exact date has not been set. The meet, however, will be at night.

An indoor track and field meet in outdoor season is an innovation. It has the advantage of no chances being taken on the weather as a dry fast track is assured. The meet is being arranged by the Indiana Amateur Athletic Union. Invitations and entry blanks will be sent to all the colleges in the state and the college track teams are certain to bring many star athletes to Indianapolis.

Athletic clubs, the Hoosier A. C. Indianapolis A. C. and other well known organizations are sure to enter many fast athletes. Many unattached athletes will enter.

The usual amateur athletic events will be held and in addition there will be several feature events as bicycle racing. Last year Terre Haute sent some fast bicycle riders to the meet, and other cities throughout

South Bend, Ind.—“For some time I suffered from an organic trouble, with pains in my side, backache, and bearing pains. Through this I became so nervous and weak that I could not do anything. I was a miserable wreck, got so thin I only weighed ninety pounds. No medicine seemed to give me relief until I began taking Dr. Pierce's Favorite Prescription. After I had taken a few doses of this medicine I knew I had at last found something that was going to help me, I felt so much better. I now weigh 140 pounds, and do not have an ache or a pain, and am completely rid of all my ailments. Can do all my work and am stronger and healthier than for a long time. Favorite Prescription has made a new woman of me.”—Mrs. Theresa Wilkeson, 622 No. Walnut St. All druggists sell “Favorite Prescription” in tablets or liquid.

The newest thing in bathing suits is a one-piece suit with a detachable skirt. Since some of the popular beaches are ragging rampant against the one-piece suit, this is a new way of overcoming that obstacle. One can hop out of the skirt before taking one's dip in the ocean.

Paris is favoring laces this season. Ratine lace is the latest novelty and has a coarse meshed fillet background. Laces of this type are at their best when dyed and their design outlined in pastel shades of yarn.

Little black velvet wristlets with cameo clasps will be worn with the lace frocks this summer.

Colored checked gingham handkerchiefs are to be worn with the sport costumes it is predicted.

1922 will be a great year for the polka dots. They are shown in every conceivable color on white materials and no dot can be too large it seems. The dotted swisses in red and white with red piping make very striking frocks for the warm summer days.

Debutants are vying with each other to see who can collect the most diamond bracelet. It seems to be the proper thing for one's fiancé to present one with a flexible diamond wristlet and as so many of the resort engagements are being broken, it is a woe-begone “debby” who can't return home with enough bracelets to make a real life-sized jingle. Some wit has dubbed them service stripes.

# A MUSEMENTS

## "The Fox" at the Mystic.

When you look at "The Fox," the Harry Carey picture showing at the Mystic Theatre, today and Tuesday you are not merely seeing a screen production—you are beholding scenes from real life. Among the most interesting of those scenes are those in which cavalry is seen in action on the desert.

These troops of cavalry are not moving-picture troops composed of a mob of extra men; but a part of the Eleventh regular United States cavalry from the presidio at Monterey.

The almost unprecedented order, sending troops into the field to participate in the making of a moving picture was obtained by Irving G.

Thalberg, director-general at Universal City, through Major-General Muir, commanding general of the Ninth Corps Area, who authorized Col. John M. Jenkins, commanding at the Monterey Presidio, to detach the troops for the purpose of going into the field to make pictures with Harry Carey.

## Burn's Greater Shows Coming.

The Burn's Greater Shows will show here for one week beginning on Monday, May 1.

This show is said to be one of the cleanest and best shows on the road and comes highly recommended from Lawrenceburg which is Burn's home town.

The show will arrive Sunday, Apr.

30, in their own special train of ten cars. Among the many attractions carried by this show is "Nevada" a high class headline diving act which will be given free twice daily, afternoon and night, on the show grounds. Nevada has toured all the larger circuits such as Keith's and Shuberts.

There will be a free band concert daily both uptown and on the show grounds by Prof. Anderson's Concert Band. This band carries several high class soloists who have been with Vassella's, Weber's and Souns's organizations and also will present at each concert Miss Margaret Walden, "The Little Girl With the Big Voice," who will sing with the band. A sacred band concert will be given Sunday night, April 30, in Rushville.

The Burn's Shows also carry a minstrel headed by Billy Arnte, the man with the Diamond Teeth and a company of 21 people. Mr. Arnte has appeared before King Edward of England and was awarded a medal for his high class entertainment.

Congressional Campaign in Ohio to Determine The Degree of Approval of Harding Administration

### COX MAY TAKE STUMP IN STATE

Democrats Are Confident They Will Cut The Large Plurality Piled Up in November 1920

(By United Press)

Columbus, O., April 24.—Ohio will be called on, in the coming congressional campaign, to pass judgment on its favored son—President Harding.

Party leaders, picking Ohio for the political battleground, agree that the vote on congressman, senator and governor will determine the degree of popular approval in Ohio of the Harding administration.

Further interest in the situation is caused by the possibility that former Governor James M. Cox, defeated by Harding for the Presidency, will take the stump in Ohio and Massachusetts.

Democrats, hoping for a turn against the Republican sway in Ohio, are confident they will succeed in cutting materially the large plurality piled up in November, 1920, and carry into office at least part of their congressional and state tickets.

They declare that Marion, President Harding's home town, repudiated his administration in the elections last November when a Democratic mayor replaced the Republican incumbent. They also point to the large gains made throughout the state in electing Democratic mayors. The issues in Ohio will be, clear-cut—the four-power pact; soldier bonus, tariff and the record of the government the last year. Purely state and local questions have not so far arisen to becloud the national questions.

The personnel of the major parties' tickets is the main matter of conjecture now. Both Republican and Democratic possibilities appear apathetic about announcing their stands. They are awaiting definite

action from the other side. Dead lines for filing declarations of candidacies probably will be approached before there is a break in the stubborn fronts of the two sides.

Representative Longworth is talked-of Republican choice for governor and Congressman Fess has announced for the senate Representative Knight probably will enter the fight. Walter F. Brown, Toledo, also is talked of.

## UTAH OPERATORS EVICT EMPLOYEES

Hundreds of Non Union Miners in Colorado and Utah Are Becoming United Mine Workers Daily

60 UNIONS FORMED IN A DAY

Most of District Unions Are Paying Strike Benefits to Their Men, Financial Agent States

By FRED G. JOHNSTON  
(U. P. Staff Correspondent)  
Indianapolis, Ind., April 24.—Mine owners in Colorado and Utah are evicting their employees from company-owned homes as soon as they join the miners union and walk-out in the nation-wide strike, reports to United Mine Worker headquarters here declared today.

"We're planning to resist this eviction to the last ditch," William E. Green, secretary-treasurer of the miners, asserted. "If the lower courts overrule us, we'll appeal."

Hundreds of non-union miners in these two states are becoming United Mine Workers daily, Green said. They live in homes owned by the companies, which employ them and as soon as they join in the strike, they are ordered to leave.

Sixty local unions were formed recently in various open shop fields scattered over the country, according to Green. He said reports showing this extensive result of the unionization work are received at headquarters almost daily.

Most of the district unions—state organizations—are paying strike benefits to their men, Dave Fowler, financial agent at Williamson, W. Va., said he is paying the strikers in Mingo and other West Virginia counties at the rate of \$3 a week for men, \$1 for women and fifty cents each for the children.

"They're sticking," Fowler said. "They're courageous."  
He is taking a leave of absence to conduct his personal campaign for the legislature in Pennsylvania where he lives.

## RILEY'S HOMESTEAD NOW OPEN TO VISITORS

Home to be Opened From 10 to 12 in Mornings and From 2 to 4 in The Afternoon

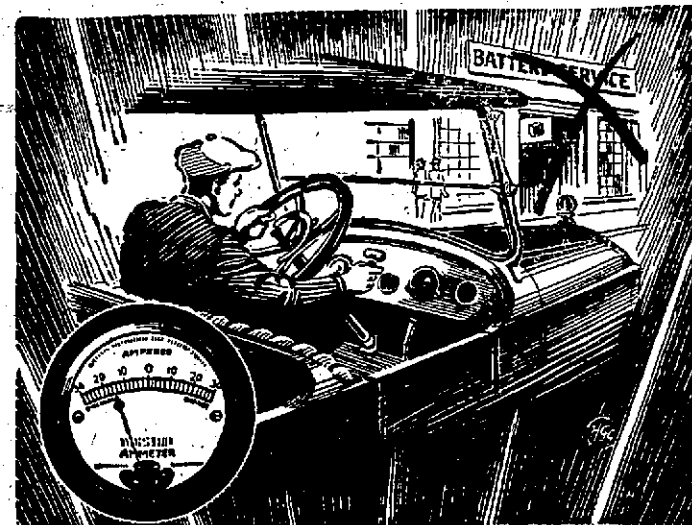

SMALL ADMISSION IS CHARGED

Indianapolis, Ind., April 24.—The homestead of James Whitecomb Riley on Lockerbie Street in Indianapolis is now opened to visitors from 10 to 12 in the mornings and from 2 to 4 in the afternoons. The home was formally opened last week and more than 1,000 persons visited it last Sunday. It will be opened each day of the week during the above hours. A small admission fee is charged to cover expenses.

It is believed that a large number of persons throughout Indiana will visit the Riley Homestead during the next few months. Already many automobile parties from throughout the state are visiting it. The home has been reestablished just as it was during Mr. Riley's lifetime. It is expected to become one of the most historic shrines known to Hoosiers.

School children accompanied by their teachers will be admitted free and a number of schools throughout the state already are making plans to go to Indianapolis to visit the Riley homestead, where Mr. Riley wrote his verses known throughout the civilized world.

## You want more BATTERY and less SERVICE

Battery service is a bug-bear. What is useful to you is continuous, uninterrupted performance. You want to have a battery installed in your car and drive away, happy in the knowledge that it will be a ready reservoir of energy whenever you need it.

The Ray Battery gives guaranteed performance because of its famous Lavier Formula plates—the greatest advance in battery construction since the discovery of the wet cell. They are hard, to withstand the strain of service—highly porous to react quickly and surely to the electrolyte.

Install a Ray and forget the service man.
